WORK EXPERIENCE

Kerala State Development Corp. for SC/ST | 2025–2025

- Gained hands-on experience with MS SQL databases, working with basic queries and data filtering in real-world applications.
- Worked with modern backend services and designed clean, minimal user interfaces using Figma.

PROJECTS

Office Pal – University Management System | [View Code] • Built a Flutter-based application

- Built a Flutter-based application focused on improving office/college workflow management and user experience.
- Worked with backend services (Supabase) to handle authentication, data storage, and basic app logic.
- Implemented core features such as role-based access, data display, and simple automation flows
- Gained hands-on experience in full project development, including UI design, backend integration, and deployment-oriented thinking.

Stock Salt | [View Code] • Built inventory tracking & POS system with live analytics across branches

- Built Stock Salt, a real-time multi-outlet retail management platform enabling centralized inventory tracking, POS operations, and live analytics across multiple branches.
- Developed a comprehensive stock distribution system with master hub management, outlet-level allocation tracking, and automatic inventory deductions to streamline daily operations.
- Implemented role-based access control (Admin/Manager/Staff) with Supabase Realtime subscriptions, enabling instant data synchronization and live updates across all dashboards without page refreshes.
- Created an intuitive POS terminal interface with category filtering, live stock warnings, and multi-payment support to enhance cashier productivity and prevent overselling.

SKILLS

- **Programming**: JavaScript , PostgreSQL , TypeScript , HTML, CSS, TailWind , React , Dart, Python
- **Technical Skills**: Flutter, Supabase, Figma, N8N , GitHub, UI/UX Design, Version Control,
- **Soft Skills**: Problem-Solving, Time Management, Communication, Adaptability, Teamwork, Attention to Detail, Self-Learning, Critical Thinking
- **Languages** : English , Hindi, Malayalam, Tamil
